

## How's this for a good catch?

We believe farmers markets are good for everyone: Vendors, shoppers, and the community. Please join us. Bring your family, shop for food, have fun!

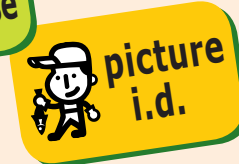

it's as easy as **1-2-3**

**1** come to the market

**2** show us your **commercial fishing license** and

**3** receive **\$40** in market tokens for fresh, local foods.

good for multiple market visits *while supplies last*

For more info about participating New Orleans markets, log onto [CrescentCityFarmersMarket.org](http://CrescentCityFarmersMarket.org) or call 504-861-4488. For more info about the Mississippi Gulf Coast farmers markets, call Diane Claughton at 228-257-2496 or Dita McCarthy at 228-234-8732.

# marinersmatch

- **\$40** in Market Tokens to spend like cash at participating farmers markets in LA and MS
- discounts and passes to nearby attractions

**good for multiple market visits while supplies last** From the vantage point of farmers markets, we recognize that the scale of the BP industrial disaster is far greater than what a small community of farmers markets can realistically provide to all families affected. However, we believe that markets nourish people physically and mentally. As a result, we have created this incentive for fishers during the fall of 2010. We look forward to your visit at participating markets.

marinersmatch is a joint project of

We are grateful for additional support provided by the Louisiana Disaster Recovery Foundation.
